December 26, 2007

Dear City Resident,

Recently our City encountered a series of vandalism that primarily involved residents of Kipling Parkway. These senseless acts seem to have been limited to destruction of car windows.

I called our Police Chief, Jeff Dahn, as soon as I heard about this, and I believe that our police department is acting very aggressively to apprehend these criminals. They have increased their patrols, put a detective on the case (Officer Van Dyke), and sought new leads in the case. As of last week, the only description of the getaway car was that it was "dark colored."

While I am confident that our police department will effectively handle this rash of vandalism, I ask for your help. Please share any information you have with them at 301-336-1401. You can also talk directly with our officers, and even our Chief of Police to discuss your specific concerns.

The City Commission stands with you during this Holiday Season, and is committed to keeping District Heights beautiful and safe.

Sincerely,

A handwritten signature in black ink, appearing to read "Lee Collins".

Lee Collins
Commissioner
Ward 2
