

PRINCE GEORGE'S COUNTY GOVERNMENT
BOARD OF LICENSE COMMISSIONERS

March 27, 2007

City of District Heights
Lee Collins, Commissioner
2000 Marbury Drive
District Heights, Maryland 20747

Re: t/a Charley's
Class B+, Beer, Wine and Liquor License

Dear Mr. Collins:

During the Administrative Voting Session of March 27, 2007, the Board of License Commissioners met regarding the above referenced.

The Board reviewed your letter dated February 27 2007 regarding your concerns with the granting of an alcoholic beverage at 5711 Silver Hill Road, District Heights, 20747. The Board of License Commissioners held a Public Hearing on November 28, 2006 regarding this transfer of location. The Board's decision was based on the evidence and testimony received on the day of the hearing.

Notification of this and all hearings are sent to all municipalities, elected officials and concerned citizens who notify us and request such notification. The premises is then posted for not less than 10 days to allow the general public an opportunity to express their concerns. The application was filed correctly, in a timely manner, and the applicants appeared before the Board as scheduled. There was no community protest at the hearing regarding this application. The licensee held the license at the previous location without any violations from the Board. At the prior location, the licensee operated both a restaurant and liquor store. The inspection staff contacted the licensee regarding the signage on the premises and the licensee agreed to change the presentation on the sign. The Board would encourage you to address any concerns you have with the licensee, as he appears to be cooperative.

Should you require any additional information, feel free to contact our office.

Sincerely,

Franklin D. Jackson
Chairman
