CITY OF DISTRICT HEIGHTS

City Work Session
Tuesday, May 9, 2023
Information Item 1

Title: Staff Contact: Purpose: Sustainability Committee Updates - Highlighting Walk Audit

Nicole Jackson, Chair, Sustainability Committee

Presented before the Commission as a demonstration of the committee's

efforts towards comprehensive community repair, which includes conducting a walk audit to identify opportunities to engage the community, create a safer community, and improve public health in alignment with the committee's objective of creating a more livable,

equitable, and resilient community.

Summary:

The attached list of proposed activities, by the Sustainability Committee, is present for the commission as information to highlight the committee's commitment to the city. Currently, we want to highlight one activity, in particular, a community walk audit. The city's walk audit is scheduled for a weekend, led by Brittany Drakeford of UMD and the National Capital Planning Commission, along with UMD graduate students. We strongly encourage city residents, business owners, and municipal staff, specifically Public Works, as well as members of the Commission to participate actively. The attendance of elected officials and staff members demonstrates a commitment to promoting sustainable and walkable communities.

A diverse group of stakeholders with varied backgrounds and expertise will provide better insights for improved decision-making and accountability throughout the city. The walk audit promises to be an educational and insightful event, enabling us to obtain valuable information for the sustainable planning of our community. Following the audit, we invite members of the Commission to interview the graduate students at mutually convenient times. These interviews will allow us to share the City's vision for planning and guide us in making informed decisions. The final report will include recommendations based on the findings and interviews with noted zoning and regulations.

We look forward to the participation of all stakeholders and the success of the walk audit.

Fiscal Impact: At present, there is no need for any upfront financial commitment for the walk audit. The audit is being conducted in collaboration with Brittany Drakeford and her students. However, staff salaries may be impacted if they choose to participate in the audit, leading to some fiscal impact.

Alternatives

As there are no upfront costs to the City for this item, we are not currently proposing any alternatives for this activity.

City of District Heights Handbook for Advisory Boards, Committees and Civic Organizations

Section I: General Information

1.0 Introduction

Citizen boards and committees are established by the Mayor and Commission to assist in its efforts to meet the needs of the community. Some committees are created to meet immediate, short-term needs and are disbanded once their purpose has been accomplished. Others are created to meet ongoing needs and continue to exist for as long as they aid the Commission. Still others are mandated by state law. The structure, duties, and responsibilities of these bodies vary depending upon their specific purposes. However, all committees have one feature in common – they were established to improve the quality of life for the citizens of City of District Heights. Thus, by serving on one of these committees, citizens of our city have an opportunity to join with local government and administrative staff to ensure their local government is serving the needs of its residents.

This handbook was prepared to provide information that will help new and current committee members become active participants in the activities of the committee on which they serve. The first section of the handbook consists of general information about city government, committees, qualifications of committee members, duties and responsibilities of committee members, meetings, policies, and procedures, terms of appointment, vacancies, staff support, gifts, purchasing and conflict of interest, liability, and open meetings. The remaining sections will contain information that is specific to the committee on which a person serves.

1.1 City Government

The City of District Heights has an elected Mayor and Commission with an appointed City Manager.

The City's policy-making body is the Mayor and Commission; it consists of the Mayor and four elected Commissioners. Together, they enact ordinances encompassing all the activities the city is empowered to carry out, determines the annual budget, authorizes loans, establishes taxes and fees, issues liquor licenses, makes assessment for public services, approves contracts, and hires the City Manager to serve at its pleasure.

The Mayor is the presiding officer of the Commission. In addition, to the powers granted to the Mayor and Commission in the City Charter and City Code of Ordinance, the Commission may exercise any power or perform any function which is not denied to it by the Constitution of Maryland, the City Charter, Code of Ordinance, or any applicable law passed by the General Assembly of Maryland.

The city's chief administrative officer is the City Manager. The City Manager directly supervises the City administration, manages the day-to-day operations of the city government and is responsible for carrying out the policies determined and approved by the Commission.

The City Clerk serves as the chief custodial officer of all official city records. The Clerk shall keep such other records and perform such other duties as may be required by the Commission.

1.2 City Committees

City committees are legal bodies created by the City of District Heights City Charter, Code of Ordinance (with the Mayor and Commission as the appointment authority). The Code of Ordinance of the City of District Heights authorizes four (4) types of boards and committees:

- (a) Board of Supervisors of Elections. The Board of Supervisors of Elections shall perform the duties described in Article V of the City Charter, Article XIII of this Code, and applicable provisions of the state election laws.
- (b) Health and Sanitation Committee. The health and sanitation committee shall perform the duties described in Article IV of the Code of Ordinance.
- (c) Ethics Commission. The Ethics Commission shall perform the duties described in Article XVI of the Code of Ordinance.
- (d) Temporary Committees. Temporary committees, which may be established from time to time by the Commission, shall perform the duties enumerated when they are created as appropriate to accomplish the specific purposes of the committee, which purposes shall benefit the health, safety, or welfare of the city.

Most members who serve on the City's Boards and Committees are city residents, but in certain cases non-residents are eligible. Some of the City's Boards and Committees offer small stipends to its members, but most are strictly voluntary.

1.3 Staff Support

To assist the committees in carrying out their responsibilities, the City Manager provides employee staff support. The number of city staff members available to assist each committee and the functions performed varies from committee to committee. The primary purpose of staff support is to provide professional and technical advice and information on issues being addressed by the Commission, city ordinances, state law, city policy, and city administration policies and procedures. In addition, staff may perform other functions such as disseminating committee agendas, packets and minutes.

It should be emphasized that staff members who work for the City of District Heights are responsible first to the policy direction of the City Manager. Therefore, there might be times when requests made by committees are in conflict with established city policy or require an excessive amount of time for response. In these instances, the staff member may have to obtain approval from the City Manager before undertaking further action.

1.4 Selection and Appointment

In general, all committee members are appointed by the Mayor with the advice and consent of the Commissioners. Although selection criteria may vary depending upon the type of committee and its purpose, the following characteristics are common to all committee members:

- An interest in the committee's area of concern
- The ability and willingness to work
- The ability to work with other people in a tactful, respectful and cooperative manner
- The time to carry out committee duties/responsibilities
- A community point of view

For detail about vacancies, please contact the City Clerk's office.

For appointment opportunities, you must complete the **application** and submit to the City Clerk or your Ward Commissioner representative.

1.5 Duties and Responsibilities

The specific duties and responsibilities of committee members are established by state law and/or ordinances which created the specific committee. Duties and responsibilities which are common to all committees, regardless of their specific area of concern, include:

· Attending and participating in committee meetings

- Being objective and willing to listen with an open mind
- Helping the committee arrive at group decisions
- Being aware of the changing needs of the city
- Being aware of the activities and needs of other committees
- Being aware of and following Board polices and procedures

1.6 Terms of Appointment

The terms of appointment and reappointment vary from committee to committee.

1.7 Vacancies

Vacancies may occur due to member resignation, or the Mayor and Commission may, by written order, remove a member if it is felt that the committee member is unable to perform his/her duties and responsibilities or for other stated reasons. When a vacancy occurs, a replacement will be appointed by the Mayor with approval of the Mayor and Commission.

1.8 Meeting Preparation

Citizens who accept a position on one of the City's Committees also accept responsibility for committing a portion of their time to preparing for meetings. To assist members in preparing for their committee's meeting, an agenda is usually sent out about a week prior to the meeting. In addition to the agenda, members may also receive staff reports containing information on the issues that committee will be addressing and staff's recommendation.

Each member is responsible for reviewing his/her committee packet prior to the meeting. Being thoroughly prepared enhances the member's ability to be an active participant in the discussion and decision-making process and helps ensure that sound, factually-based decisions will be made in a timely manner. If members have any questions or feel that additional information is necessary, they are responsible for contacting staff prior to the meeting.

1.9 Meeting Attendance

Prior to accepting a position on a committee, citizens should be aware of the committee's meeting schedule to ensure they will be able to make the necessary time commitment.

The number of regularly-scheduled meetings varies from committee to committee. For some committees, state law or municipal code sections specify a minimum number of meetings; for others, meeting schedules are determined by the committee. For information regarding meeting schedules for specific committees, members should refer to the appropriate chapter in the ordinance/resolution establishing the committee or the committee's by- laws.

Regular meeting attendance by all committee members is essential if the board is to effectively carry out its activities. Committee members who do not attend

regularly can not be expected to make well informed decisions. Issues can not be fairly and thoroughly considered without input from all committee members. In addition, if a quorum can not be established, no official business can be conducted.

If a member has valid reason for not attending a meeting, he/she is responsible for giving advance notification of his/her absence. Generally, the staff person or committee chairperson should be contacted as soon as possible.

1.10 Committee Meetings

Committees customarily follow the rules and procedures contained in <u>Robert's Rules of Order</u>. The following suggestions will assist the committee in conducting its business in a timely and productive manner.

General Information:

- Start the meeting on time with a roll call
- Focus on issues at hand
- Follow agenda and order of business
- Follow procedures for public participation
- Allow time at the end of the meeting to review and evaluate meeting progress and decisions

How to handle a motion:

- Address the chair
- Get recognition
- Make a motion ("I move....")
- Second the motion
- Clearly state the motion
- Discuss the motion
- Restate the motion
- Vote on the motion
- Announce the results

Do's and Don'ts:

The Chair

DO prepare yourself for the responsibility you have accepted

DO start the meeting on time – and DO end it on time

DO have an agenda and follow it

DON'T use the gavel except to preserve order

DON'T be afraid to try new procedures

DON'T talk too much from the Chair (and run the risk of intimidating other members)

DON'T let members wander fro the matter under discussion

DON'T lose your sense of humor or take yourself too seriously

DON'T say "My committee", "My commission", "My year."

DON'T say "I recognize" or "I rule"; say "The Chair..."

Members

DO observe the rules courtesy and good taste.

DO say "I move..." (not "I make a motion...")

DO take part in the discussion.

DO accept some responsibility for the committee's welfare and activities.

A committee is only as effective as its weakest member.

DO be as ready with praise as you are with criticism. Ask yourself, "Could I do as well?" or "Am I willing to take over and do a better job?"

DON'T say, "I don't know what I'm supposed to do." You have accepted a responsibility. It's your business to find out your duties.

DON'T accept an office for which you are not qualified or on the theory that there will be nothing to do.

DON'T criticize unless you have something better to offer.

1.11 Minutes

Minutes are **public documents** that are written by an appointed secretary from among the members on the committee. Some committees may choose to have the secretarial responsibilities rotate so that no one member will be burdened every meeting. In order to maintain files of uniform minutes, several points should be kept in mind. These include:

- 1. Write what is done; summarize what is said.
- 2. Always take the minutes in third person and use past tense.
- 3. Begin all minutes for a given meeting with the name of the committee, the date, the location, the time of day, and the members present.
- 4. State whether the meeting is regular or special.
- 5. List the chairperson of the meeting and the secretary.
- 6. State whether the minutes of the previous meeting were read and approved or dispensed with (approved without reading).
- 7. Write out all main motions, including both those adopted and denied.
- 8. State the name (at least the last name) of both the person making a motion and the person seconding that motion.
- 9. Record sustained and overruled points of order and appeals.
- 10. Summarize reports of committees and staff.
- 11. Record all appointments of committees and election of delegates.
- 12. Record the number of votes on both sides during formal voting.
- 13. State the name of each person and their vote during a roll call vote.
- 14. Record the time of adjournment.
- 15. The recording secretary needs to sign the minutes.

Corrections to the minutes may be made at the next meeting or any other meeting in the future. Always keep personal opinions of praise or criticism out of these public documents.

1.12 Open Meetings

All meetings of committees and commissions shall be open to the public. Notice

of all meetings shall be given at least 24 hours prior to the meeting. The notice must give the time, date, place of meeting, and tentative agenda. If 24-hour notice can not be given, the reason must be stated in the minutes.

Chapter 4 of the State of Maryland Open Meetings Act Manual outlines the rules for closed meetings. A brief overview of this law includes the following acceptable circumstances for closed meetings.

- 1. Discussion or review of records authorized by state or federal law to be kept confidential.
- 2. Discussion of litigation strategy with counsel.
- 3. Discussion of contents of licensing examinations or disciplinary proceedings.
- 4. Evaluation of the professional competency of an individual whose appointment/hiring, performance, or discharge is being considered (when necessary to prevent needless and irreparable injury to that individual's reputation) and the individual requests a closed session.

When a session is closed, it must be approved by public vote of either two-thirds of all members or all of the members present at the meeting. The vote of each member and the specific reason for closing the meeting must be announced publicly in open session and entered into the minutes. Only business which comes within the exemption can be discussed in closed session. Detailed minutes of all discussion, persons present, and action taken at a closed session shall be kept. A tape recording must also be kept.

1.13 Voting

A conflict of interest exists when there is a distinct possibility of some unique personal advantage or disadvantage to the member who is voting on a matter.

Maryland law provides that a measure that is voted upon is not invalid because an individual with a conflict of interest voted unless that vote was decisive to passage of the measure. If a specific majority or unanimous vote is necessary, the vote must be computed based on the number of members not disqualified by

conflict of interest. However, a majority of all members is required for a quorum. Whenever a member decides to decline to vote because of a conflict of interest, that reason is conclusive and must be stated for the record.

What actually constitutes a conflict of interest has no precise definition. Generally, it is true that no member should vote on any questions involving his or her own financial interest if that interest is immediate, particular, and distinct from the public as a whole.

All members, including officers, should vote unless there is a conflict of interest. A member who abstains from voting does not have to abstain from discussing the issue.

1.14 Liability

Board and committee members are protected from liability and defended by the

City for acts or omissions within the scope of their duties. If an official is sued in his/her capacity as an official of the City, the City will retain an attorney at City expense to defend the official. This protection does not apply when the acts or omissions involve intentional misconduct or knowing law violation or transaction from which the member derives an improper personal benefit. The City will not attempt to collect from the official for any award for damages the City might have to pay. This exception does not apply to awards for punitive damages unless actual malice or willful, wanton, and reckless misconduct is proven.

1.15 Gifts

Board and committee members, like City employees, are subject to the state "gift" law. That law states that a public official, public employee, or that person's immediate family member shall not, directly or indirectly, accept or receive any "gift" from a "restricted donor".

The law defines "gift" as a rendering of anything of value in return for which legal consideration of equal or greater value is not given and received.

"Restricted donor" means a person who is in any of the following categories:

- 1. Is or is seeking to be a party to anyone or any combination of sales, purchases, leases, or contracts to, from, or with the agency in which the donee holds office or is employed.
- 2. Will personally be, or is the agent of a person who will be, directly and substantially affected financially by the performance or nonperformance of the donee's official duty in a way that is greater than the effect on the public generally or on a substantial class of persons to which the person belongs as a member of a profession, occupation, industry, or region.
- 3. Is personally, or is the agent of a person who is, the subject of or party to a matter which is pending before a subunit of regulatory agency and over which the donee has discretionary authority as part of the donee's official duties.

A restricted donor may give any public official, or the person's immediate family member, may accept an otherwise prohibited non-monetary gift and not be in violation if the non-monetary gift is donated within 30 days to a public body, or a bona fide educational or charitable organization, if no part of the net earnings of the educational or charitable organization inures to the benefit of any private stockholder or other individual.

The following gifts may be received by public officials or members of the immediate family of public officials:

- 1. Contributions to a candidate or a candidate's committee.
- 2. Informational material relevant to a public official's functions, such as books, pamphlets, reports, documents, periodicals, or other information that is recorded in a written book.
- 3. Anything received from anyone related within the fourth degree by kinship or marriage, unless the donor is acting as an agent or intermediary for another person not so related.

- 4. An inheritance.
- 5. Anything available or distributed free of charge to members of the general public without regard to the official status of the recipient.
- 6. Items received from a bond fide charitable, professional, educational, or business organization to which the donee belongs as a dues paying member, if the items were given to all members of the organization without regard to individual members' status or positions held outside of the organization and if the dues paid are not inconsequential when compared to the items received.
- 7. Actual expenses of a donee for food, beverages, registration, travel, and lodging for a meeting, which is given in return for participation in a panel or speaking engagement at the meeting when the expenses relate directly to the day or days on which the donee has participation or presentation responsibilities.
- 8. Plaques or items of negligible resale value which are given as recognition for the public services of the recipient.
- 9. Non-monetary items with a value of three dollars or less that are received from any one donor during one calendar day.
- 10. Items or services solicited by or given to, for purposes of a business or educational conference, seminar, or other meeting, a state, national, or regional government organization in which the state of Maryland or a political subdivision of the state is a member, or solicited by or given for the same purposes to state, national, or regional government organizations whose memberships and officers are primarily composed of state or local government officials or employees.
- 11. Items or services received by members or representatives of members at a regularly scheduled event that is part of a business or educational conference, seminar, or other meeting that is sponsored and directed by any state, national, or regional government organization in which the state of Maryland or a political subdivision of the state is a member, or received at such an event by members or representatives of members of state, national, or regional government organizations whose memberships and officers are primarily composed of state or local government officials or employees.
- 12. Funeral flowers or memorials to a church or nonprofit organization.
- 13. Gifts which are given to a public official for the public official's wedding or 25th or 50th wedding anniversary.
- 14. Gifts of food, beverages, travel or lodging received by a public official if all of the following apply:
 - a. The public official is officially representing an agency in a delegation whose sole purpose is to attract a specific new business to locate in the state, encourage expansion or retention of an existing business already established in the state, or to develop markets for Maryland businesses or products.
 - b. The donor of the gift is not the business or businesses being contacted. However, food or beverages provided by the business or businesses being contacted which are consumed during the meeting are not a gift.
 - c. The public official plays a significant role in the presentation to the business or businesses.
- 15. Gifts other than food, beverages, travel, and lodging received by a public official which are received from a person who is a citizen of a country other than the United States and is given during a ceremonial presentation or as a result of a

custom of the other country and is of personal value only to the donee.

For purposes of determining the value of an item given or received, an individual who gives an item on behalf of more than one person shall not divide the value of the item by the number of persons on whose behalf the item is given and the value of an item received shall be the value actually received by the donee.

1.16 Purchasing

City officers, employees, and members of committees and commissions can not have any interest in a contract for materials or services provided to the City. The law prohibits having either a direct or indirect interest in the contract. A "City officer" is a person elected or appointed for a fixed time who exercises some portion of the power of the City . This does not include members of groups who are advisory only.

The exceptions to the law on contracts which are most likely to be applicable are:

- 1. The designation of a bank or trust company as a depository or paying agent.
- 2. Contracts made upon competitive bidding in writing, publicly invited and opened.
- 3. Contracts for professional services not customarily awarded by competitive bid if
 - a. The officer's salary will not be affected by the contract; and,
 - b. The officer is not directly involved in procuring or preparing the contract; and.
 - c. The officer's interest is solely that of employment or from ownership or contract of stock in the contracting company by the officer, spouse, or immediate family member, of less than five percent of the outstanding stock of the company.
- 4. The designation of an official newspaper.
- 5. A contract made before the officer was elected or appointed, but the contract may not be renewed.
- 6. Purchase of goods and services that do not exceed a cumulative total purchase price of \$1,500 in a fiscal year.
- 7. Franchise agreements between a City and a utility and contracts entered into by a City for the provision of essential City utility services.

Transmittal Letter

Mayor, Vice Mayor, and City Commissioners,

I am pleased to submit the FY 2024 Proposed Budget for the City of District Heights to the residents, Mayor, and Commission for review. The FY 2024 Proposed Budget is a vastly different document and can be thought of as a transitional budget and budget document. This budget document widens focus from dollars and cents to include information on City programs and activities and begins to tie funding levels, service levels, and revenue sources to specific programs and services. Together with the City's new Treasurer, I have updated the chart of accounts to better align City operations with revenue sources and Commission priority and to more clearly articulate for the Mayor, Commission, and residents and taxpayers, what services the City's tax dollars are paying for. Importantly, this document begins with the Commission's adopted Vision and Mission statements. These statements, in addition to state, federal, and local laws, drive the work of the organization in the service of the residents of District Heights.

The FY 2024 Proposed Budget was prepared for the Commission's consideration by the City Manager and Treasurer at the current yield tax rate of \$0.687 which results in approximately \$3,377,318 of local real property tax revenue and represents a reduction of \$0.0227 from the current rate of \$0.7097. The proposed budget assumes \$5.2 million of local, state, and federal revenue, and shows grants, fees, and other revenue that offset the cost of services. \$550,000 of unrestricted and unallocated FY 2022 Fund Balance is carried forward into the FY 2024 Proposed Budget to ensure that service delivery continues in spite of the reduction in the real property tax rate. A more comprehensive review of and allocation of the City's fund balance, including the establishment of an operating reserve, is planned following the close-out of FY 2023.

Expenditures were developed collaboratively with City departments based on programmatic need. The proposed budget includes adjustments to positions to address priorities of the City Commission, support the modernization of the City Government, and fill critical organizational needs. The Proposed Budget includes a 5 percent across the board cost of living adjustment to the current pay scale and sets aside a further 5 percent for merit-based increases to occur in October following the completion of employee evaluations.

The FY 2024 Proposed Budget is organized into revenues, departmental expenditures, and non-departmental expenditures. Department expenditures represent the overall operating expenditures of a given department while non-departmental expenditures account for organization-wide expenditures, ARPA-related spending, and other expenditures not directly associated with a department.

It has been my pleasure to service as your City Manager for the last several months. I am excited for the future of the City and inspired by the commitment of staff and the vision provided by the Mayor and Commission

Respectfully submitted,

David Street City Manager

Updates for the FY 2024 Budget

The Chart of Accounts

The chart of accounts has been modernized for the FY 2024 budget and now uses a unified, organized naming convention and set of standard categories for line items across the City's departments. Each expenditure category has been assigned a lead digit (5 is personnel, 6 is operating and maintenance, and 7 is capital); each department has been assigned a department code. For example, General Government Administration is "02" and the Public Works is "07." Each specific object has been assigned a two-digit code. "01" is association and membership dues; "09" is contractual services.

The table below describes commonly used line-items. The middle digits, displayed on the table below as "XX," are used to represent a specific department. Association and membership dues for General Government Administration would be line 60201 while the same expense for Public Works would be 60801. Personnel, operating, and capital expenditures use the same convention.

This naming and categorization of expenditures is somewhat less precise than what the Commission is used to, however, provides the opportunity to review expenditures by category easily across the organization because the naming and coding conventions are standardized.

6XX01 Association and Membership Dues

This line item is used for professional association and/or membership dues for staff members. As an example, the City Manager is a member of the Maryland City/County Management Association and those dues would be paid from this line in the General Government Department.

6XX02 Travel, Training and Education

Travel, training and education encompasses employee development to include, classes, conferences, events, and other expenditures meant to increase the competency of staff members.

6XX03 Office Supplies

Office supplies include paper, pens, pencils, binders, folders, and other items necessary to operate in a modern office environment.

6XX04 Postage, Mailing, and Bulk Mail

This line item encompasses all postage, direct mail, certified mail, and bulk mail expenses.

6XX05 Conduct of Business

Conduct of business should be used for incidental expenditures related to the daily incidental expenses associated with delivering services or meeting the needs of residents.

6XX06 Printing

Costs associated with in-house printing.

6XX07 Materials and Supplies

Material and supplies is a wide-ranging category; the types of items that may fall within this type of expenditure vary by department. Parks, Recreation and Culture may book new basketballs to this line while Public Works may book new shovels; both are materials and supplies necessary to conduct the regular work of the department.

6XX08 Marketing and Advertising

Marketing and advertising costs could include running ads in local/regional newspapers or online.

6XX09 Contractual Services

Contractual services are services that the City enters into a contractual agreement to obtain. The City's contract with the solid waste service provider is an example of contractual services.

6XX10 Professional Services

This line item encompasses agreements that the City enters into to obtain professional services. This is usually in the form of consultants, advisors, or designers.

6XX11 Publications and Books

Publications and books includes one-time and subscription expenditures for magazines, periodicals, trade publications, and other related materials.

6XX12 Clothing and Uniforms

Clothing and uniforms includes the purchasing of new uniforms and the maintenance of existing uniforms. This line most typically occurs in Police, Code Enforcement, and Public Works, however any department may use the line to purchase City-branded clothing for use at work or while representing the City.

6XX13 Cell Phones

This line is budgeted centrally in General Government Administration and is comprised of cell phone contracts and purchases.

6XX14 Computer Software

This line represents software licenses, SaaS purchases, data storage and other non-physical information technology expenditures.

6XX15 Computer Hardware

Computer hardware includes laptops, desktops, monitors, and other peripherals. Beginning in FY 2024, these expenditures are budgeted and procured centrally in General Government Administration

6XX16 Event Materials and Equipment

Event materials and equipment are purchases specific to the provision of City and/or community events. District Heights has a strong community event tradition and this line item reflects those purchases.

6XX17 Fees

This line includes license fees, HOA fees, banking fees, and other incidental charges.

6XX86 Vehicle Maintenance

Costs associated with the repair, upkeep, and maintenance of the City's fleet of vehicles.

6XX87 Fuel

Costs associated with fueling the City's fleet and gas-powered equipment.

6XX89 Heavy Equipment Maintenance

Costs associated with the repair, upkeep, and maintenance of the City's heavy vehicles, such as chippers, cement mixers, etc.

Departmental Budget Presentation

The City's department budgets are presented holistically in this document using "roll-up groups" based on the naming and categorization method described in the section above. Each department will show personnel, operating and maintenance, and capital budgets in a simple table. The table also includes City revenue attributable to the department, allowing the residents, Commissioners, and staff members to see and understand the net budget impact of a given department's operational and funding decisions. The "net budget impact" is essentially the amount of the total cost for services placed on the City's dedicated tax revenues. A simplified example is provided below:

	FY 2022 Actual	FY 2023 Projected	FY 2024 Proposed
Expenditures		Securitaria (C. T. Carabi Militar manda mari Palarama	C the are served to represent the server of the server or an

Budget Proposals

The following narrative and summary table reflect the City Manager's recommended budget proposals in the form of new budget requests and recommended budget reductions. This section only reflects new, non-existing positions and does not include mid-year positions approved by the City Commission. For example, the conversion of a part-time to full-time code compliance officer is not reflected in this section, however the new request for an additional code compliance officer is.

Code Compliance Officer: Beautification, maintenance, compliance, and resident services have been focuses of both the Mayor and Commission and the Code Enforcement Division of the District Heights Police Department. The FY 2024 Proposed Budget includes funding for an additional Code Enforcement Officer to continue progress in this area.

Municipal Building Professional Cleaning Services: The City has recently outsourced the cleaning, purchasing of cleaning supplies, and light building maintenance, which eliminates the need for staff to perform those functions. The positions associated with this activity are proposed to be eliminated. Savings associated with the elimination of the positions are budgeted to offset the cost of contractual services.

Support to the Sustainability Committee: During FY 2023, the City established the Sustainability Committee. The Committee's purpose is to encourage, advocate for, and advise on sustainable practices, initiatives and programs that the City and community could implement. The FY 2024 Proposed Budget allocates \$6,000 within the Department of Public Works to support the activities of the Sustainability Committee.
