Dear New Resident:

On behalf of the City of District Heights, I welcome you to our wonderful and vibrant community! We are glad you have joined us to live, work and play.

In this welcome packet, you will find a variety of information concerning our community including the contact information for our elected officials, municipal government operations and services, community events, volunteer opportunities, and the city's webpage and social media sites.

What began as farmland grew into an established incorporated city in 1936 that now has more than 6,000 residents, with a dynamic city government, professional police department, and a flourishing business community. We are perfectly located within minutes from the nation's capital city, the Prince George's County seat of government, major transportation systems, and shopping venues.

Our primary goal is to foster a thriving community with an engaged citizenry where people feel a sense of belonging and pride. The city's population is varied, and we recognize and embrace the differences that make us unique. We encourage you to meet your new neighbors and explore the city.

Within our municipality are vast areas of open green space, and a range of amenities from parks, community gardens, walking trails, and a dog park. There are many recreational programs and events for all ages and abilities offered through our Parks and Recreation Department. Please visit the website for more information.

The City of District Heights has several citizen groups, advisory boards, and volunteer opportunities. We hope you take in and participate in the many activities and events offered.

This information is provided to make your move here a little bit easier. Enclosed you will find important numbers and documents, services provided, and a boundary map. While the information contained in this packet is useful and plentiful, the city's website is the best resource for the most up-to-date information.

We look forward to your active engagement and contributions to this exceptional and growing community.

Sincerely,
Mayor Cynthia Miller
